Regional Transportation Authority
The Regional Transportation Authority (RTA) provides financial oversight, funding, and regional transit planning for the three public transit operations in Northeastern Illinois: The Chicago Transit Authority (CTA), Metra and Pace bus and paratransit. The Agency provides customer services including telephone travel planning assistance and travel training for people with disabilities. The RTA is the only transit agency that focuses on the entire region when determining transit planning and funding. The RTA region has a population of approximately eight

million people throughout six counties and 7,200 transit route miles. For more information, visit rtachicago.org

The Chicago Transit Authority (CTA) runs bus and elevated/subway trains in Chicago and nearby suburbs. For current fare and schedule information, visit transitchicago.com

Metra provides commuter rail services throughout the region serving Chicago and its suburbs. For complete fare and schedule information, visit metra.com

Pace moves people throughout the Chicago region with fixed bus routes, Dial-a-Ride, On Demand, and other community transit programs. Most Pace bus routes connect with Metra and CTA service. For schedules and fares, visit PaceBus.com
